Introduce about Modern Combat 5 This name must not be too strange for you. This is the sequel to Modern Combat 4, developed by Gameloft. In the Modern Combat series, this is the best part, because it is not only more invested in gameplay but also in graphics, so the game is considered a top-notch and attractive shooting game with millions of players around the world. Gameloft is an extremely popular game developer based in France. The founder of Gameloft is also the founder of Ubisoft, Michel Guillemot. Gameloft currently has 21 development studios worldwide. This is a well-known publisher especially racing and shooting. No more wasting time chatting, we will go into details now to see if this game has anything special that it attracts a large number of players. Storyline Gameloft's Modern Combat series is a series of interrelated stories. Modern Combat 5 is a continuation of the story from the end of part 4, you will continue to pursue and destroy a terrorist organization. Such a plot is too popular for you because American action movies are mostly the main content of their movie, but they have added a bit of creativity to make it not boring, extremely interesting. Gameloft has arranged the task force battles with terrorists in different places to create a great experience for you. For example, a temple, an urban area, a military base, ... every war broke out is led from the seamless storyline of the game to make it interesting. And in each area, you must complete 4-6 tasks to be able to unlock the next area. About controls make sure you will not take time to get acquainted with the shooters to have something in common. In particular, those who have played previous shooting games such as CrossFire: Legends, PUBG Mobile, Rules Of Survival, ... It will not take much time to get acquainted. On the left is a joystick button to move the character, on the right will be a button to shoot, jump, sit, change bullets, ... and some function keys to use other items. Online mode Modern Combat 5 is a shooting game that requires you to have a network connection to be able to play. This is one of the great things about the game. It allows you to communicate with other gamers around the world or those near you. You can also invite your friends to join the game, create teams to complete the mission of a warrior. And of course, the game not only has a campaign mode but also a Squad vs Squad solo mode, such as Team Death Match, C4, Capture The Flag, ... Not only that, but you also can participate in eSports competitions of professional gamers to gain experience. Hint: Modern Combat Versus is an online fighting version in the series. Diverse weapon system & character classes When it comes to a first-person shooter game, it is impossible not to mention the weapons system of the game. Modern Combat 5 possesses a huge arsenal for you to experience. To unlock beautiful and genuine guns you need to increase your level through campaigns, matches with other players. The higher you go, the more weapons you can get and add it to your collection. In addition, the game also has a diverse character class system. The game consists of 9 different character classes such as Assault, Heavy, Recon, Sniper, Support, Bounty Hunter, Sapper, X1-Morph and Kommander. And each character class will have a unique skill. To activate it, you need to consume skill points. Graphics Modern Combat 5 has extremely high 3D graphics. I can guarantee that it is not inferior to a shooter on PC operating systems such as Black Squad, Counter-Strike: Global Offensive, ... Compared to the previous parts of the Modern Combat series, this is the main is the best part of both gameplay and graphics. Not only that, the game is designed from the first perspective so that you can experience more authentically. In addition, the music is also extremely lively with the great voice of the character, all creating a masterpiece that you cannot miss.
